Strong steel storage made simple

Kseibi · 906121

Highlights

- Boltless design for straightforward assembly
- Steel construction for dependable everyday storage
- 4-shelf layout helps organise tools and supplies
- 2000 x 600 x 2000 mm size offers generous capacity
- White finish gives a clean, professional look
- Open shelving keeps stored items easy to access
- Reinforced frame design supports stable storage
- Ideal for workshops, garages and stock rooms
- Wide shelves help separate larger and smaller items
- Helps reduce clutter and improve workspace efficiency

Key Features

- Boltless Assembly — Designed for straightforward setup, the boltless construction helps you build practical storage without a complicated fixing process.
- Steel Shelving Build — Made with steel components for reliable day-to-day use in workspaces where durable storage matters.
- 4-Layer Storage Layout — Four shelves provide organised vertical storage for tools, equipment, cartons and regularly used supplies.
- Large Footprint Capacity — With a 2000 x 600 x 2000 mm size, the unit gives ample room to store items while making effective use of wall space.
- Clean White Finish — The white colour keeps the shelving looking neat and professional, making it suitable for visible storage areas as well as back-of-house use.
