

Kseibi Heavy-Duty Adjustable 4-Shelf Steel Storage Rack 2000 x 600 x 2500 mm

Heavy-duty storage made simple

Kseibi · 906122

Highlights

- Heavy-duty steel storage rack for demanding work areas
- 4-layer design helps maximise vertical storage space
- Adjustable shelves suit different item heights
- Ideal for garages, workshops, stockrooms and utility areas
- Open shelving keeps contents visible and easy to reach
- Orange and black finish adds a professional industrial look
- Steel frame supports organised storage of bulky items
- Helps keep tools, boxes and supplies off the floor
- Reinforced side structure adds stability to the rack design
- Large 2000 x 600 x 2500 mm format for generous storage

Key Features

- Heavy-duty steel construction — Built with a steel frame and steel shelf structure for reliable storage in working environments where strength and durability matter.
- Adjustable shelf layout — The shelf positions can be arranged to better accommodate items of different heights, making the rack more versatile for changing storage needs.
- 4-shelf capacity — Four storage layers provide practical vertical organisation for tools, cartons, equipment and general supplies.
- Industrial open design — Open sides and shelves make stored items easier to see, access and organise, helping improve day-to-day workflow.
- High-visibility finish — The orange and black colour scheme gives the rack a clean industrial appearance that suits workshops, garages and stock areas.
