

KSEIBI 4-Tier Heavy Duty Storage Shelving Unit 200 x 60 x 200 cm

Heavy-duty storage for busy workspaces

Kseibi · 906132

Highlights

- 4-tier shelving unit for tools, boxes and supplies
- Large 200 x 60 x 200 cm storage format
- Black metal construction for a clean industrial look
- Open design keeps stored items visible and accessible
- Deep shelves help hold bulky or awkward items
- Reinforced upright frame supports everyday storage tasks
- Side cross-bracing adds structural support
- Ideal for garages, workshops and storerooms
- Makes better use of vertical wall space
- Helps reduce floor clutter and improve organisation

Key Features

- Four-tier storage layout — Four full-width shelf levels give you clear separation for tools, equipment, stock and general supplies.
- Generous overall size — With a 200 x 60 x 200 cm format, the unit provides substantial storage volume for larger spaces and heavier-duty organisation.
- Metal shelving construction — The shelving and frame are made in metal for a robust, work-ready design suited to utility and trade environments.
- Braced frame design — Visible side bracing and reinforced uprights help create a more stable structure for everyday storage use.
- Open-access shelving — The open front and wide shelf spans make it easier to see, sort and reach stored items quickly.
